- ON THE AVON -

News release
Punting on the Avon pop-up opening

Punting on the Avon pop-up opening for the winter school holidays

Christchurch Attractions, operator of iconic tourism attractions in Christchurch and Canterbury, will be re-opening Punting on the Avon for the winter school holidays.

Punting on the Avon will be open for a three-week period between 4-25 July from the historic Antigua Boat Sheds. The eco-friendly attraction will be open from 10am and 3:30pm, with woollen blankets and hot water bottles available as an added touch. Bookings are essential and can be made through the Christchurch Attractions website.

We look forward to having the punts on the water with our guests on board. Our punters have been undertaking maintenance of the punts and other equipment during our closure. "While it may be winter, we make sure that our guests have a wonderful eco-friendly experience as they move quietly along the Avon River. We look forward to welcoming customers back to our site at the Antigua Boat Sheds" says Sue Sullivan, Chief Executive Officer of Christchurch Attractions.
